M'ADOO QUOTES BANKS
ASKING FOR CROP FUND

Gives Out List of Excerpts from Letters Which Made Him Decide to Offer \$34,000,000 to Aid Movement.

BIG YIELDS IN ALL SECTIONS

Secretary of the Treasury McAdoo last night gave out a list of excerpts from communications from bankers throughout the country which led him to decide to offer \$34,000,000 from the general fund of the Treasury to be used in the crop movement.

The excerpts cover five closely typewritten pages. They are given over chiefly to enthusiastic comments upon the outlook for the harvest this year. The letters from the South speak impressively of the prospects for the cotton crop. Those from the West describe the prospects of the wheat crop in equally glowing terms. A correspondent from Missouri wrote: "We are now in the midst of the greatest harvest ever produced in the Southwest and it will require all the money we can consistently get hold of to move the crops. It is going to take more money than we can possibly raise to handle the crop in such manner as will enable the farmer to get the most out of it."

CARBAJAL'S DELEGATES
GO TO MEET CARRANZA

Complete Amnesty for Federal Civil and Military Officials Is Price Demanded for Surrender of Capital.

HUERTA NOT TO MEET DIAZ

Special Cable to The Washington Herald.

Mexico City, July 27.—The delegates of President Carballo left Mexico City over the Mexican Railroad at 6 o'clock tonight for Saltillo. They will be met at Gonzalez Junction by an escort furnished by Carranza. Gonzalez marks the southernmost boundary of the territory controlled by the constitutionalists. Carranza refused to come to the capital or to any point held by the federalists for the conference.

It is understood that Carballo's delegates are instructed to demand complete amnesty for federal officials and military as a price of the surrender of the capital to the constitutionalists. There is much speculation here as to the outcome of the conference.

Kingston, Jamaica, July 27.—Gen. Victoriano Huerta today indignantly denied the report that he had allied himself with Gen. Felix Diaz and that they would start a new revolution in Mexico.

"Such a report is untrue," said Huerta heatedly. "If I wanted to start a revolution I would have done so long ago. I left Mexico as I have already stated, because I thought the country's interests would be best served by my going. I left in office a man whom I considered the best man for the place."

New York, July 27.—Insurance men refused temporarily this afternoon to write any more insurance on gold for shipment to Europe by transatlantic liners. Fear that the gold might be captured on the high seas in the event of a general European war was the cause of the action.

Europe called upon this country for more gold today in view of the possibility of a great war and engagements of the United States as soon as the market opened. Altogether \$10,000,000 was engaged for shipment to Europe tomorrow.

FOR AMALGAMATION OF MINERS

Denver, Col., July 27.—The special committee appointed to consider the amalgamation of the Western Federation of Miners with the United Mine Workers of America made a report to the annual convention of the Western Federation today favoring the project.

The report embodies a resolution for a referendum vote of the members. Action by the convention was postponed.

ENGINEER DIES AT THROTTLE.

Sterling, Ill., July 27.—Engineer Louis Van Vliet, sixty-five years old, of the Overland Limited, on the Northwestern Railroad, dropped dead today while his train was speeding through Agnew, Ill. Engineer Boggs saw the engine's hand drop from the throttle, and jumping to the seat, ran the train to Sterling, a distance of ten miles.

JAIL FOR FAIR DYNAMITER.

Nottingham, England, July 27.—Irene Casey, chief dynamiter of the militant suffragettes, was sent to prison today for fifteen months for having explosives in her possession.

MAN'S BODY ON TRACK.

Kewanee, Ill., July 27.—The decapitated body of a well-dressed man, believed to be that of Charles Reeves of Philadelphia, was found on the railroad tracks near here today. Identification papers were found in his pockets.

Largest Morning Circulation.

Newport, R. I., July 27.—The Duke of Manchester, who was stricken by the heat yesterday, was reported today to be nearly recovered. The duke is at Sunnyfields farm, the guest of Michael M. Van Buren. The duke was overcome yesterday while playing tennis on one of the courts at the Casino grounds here.

DUKE OF MANCHESTER BETTER.

Bristol, Tenn., July 27.—Damage suits filed against the Southern Railway and others, involved in the Hillsville Courthouse slaughter of March, 1912, were concluded in the Circuit Court at Wytheville, Va., today when, by the consent of the administrators of Judge Thornton L. Masie and the other slain court officials, judgment for \$1,000 was entered in each case.

These judgments do not apply to property left by Floyd Allen and his son, Charles, who were put to death for the courthouse murder; nor to Bird Harlow, who died leaving only the property of Sidney Allen Hable. Steps will at once be taken to subject Sidney Allen's property to the judgments.

KILLED BY FREIGHT TRAIN.

Hyattsville, Md., July 27.—Run down by a shunted freight car this morning, Michael J. Fleischman, gate tender and flagman for the Baltimore and Ohio railroad, was instantly killed, his body being cut to pieces.

Fleischman has served the railroad for nearly twenty-five years and was about to be retired on a pension. He was sixty-five years old, and leaves a wife and a large family, who will get the pension.

NOT "TUT-TUT" WE GUESS.

But pray, Mr. Wilson, Did He Say "Insidious Bananna?"

President Wilson yesterday made public a brand new dimerick. In talking with a group of Congressmen he related a joke, and then wound up with the following:

There was a young man in Havana
Who slipped on a wayward banana.
The things he said when he fell on his head
Were not fit for a Sunday school banner.

The area of corn harvested in the United States in 1912 was 105,820,000 acres.

SIDONS ON LOOKOUT
FOR PENSION FUNDS

Commissioner Sissons Hopes to Have Police and Firemen's Bill Passed at Next Session of Congress.

Commissioner Sissons hopes with the next session of Congress to have passed a bill providing for sufficient pension funds for disabled and aged members of the police and fire departments.

At present the pensions are paid from fines taken in the Police Court, dog taxes, and \$1 monthly paid by each working member of each department.

Sufficient revenues, it is said, are not obtained to pension all of the men who should be cared for. Commissioner Sissons would like to see it so arranged that when a fireman or policeman reaches a certain age he could be automatically retired. Now it is necessary for him to become physically unable to do his duties before he can be pensioned.

ANGLICANS DISCUSS KIKUYU CASE

London, July 27.—Fourteen bishops of the Anglican church, representing churches in Great Britain and the colonies, met today at Lambeth Palace to reach a settlement of the heresy controversy known as the Kikuyu case. The Archbishop of Canterbury presided. The four representatives expected from America were not present.

The charges were brought some months ago by the Bishop of Zanzibar against missionary bishops of Uganda and Memba, Africa, for administering communion to non-conformists. The controversy is largely one of church discipline. It involves the serious question of high and low church. The low churchmen defend the African bishops, while the high church party says such communion is impossible because of the differences in doctrine.

SUE ALLEN'S ESTATES.

Bristol, Tenn., July 27.—Damage suits filed against the Southern Railway and others, involved in the Hillsville Courthouse slaughter of March, 1912, were concluded in the Circuit Court at Wytheville, Va., today when, by the consent of the administrators of Judge Thornton L. The Town Crier

John L. Miller, thirty-four years old, was buried in Rock Creek Cemetery yesterday. Services were held at his home, 1475 Meridian place.

Owing to the recent lack of rain, the first shipment of near-by watermelons will not reach the city until August 1.
